Standard Equipment:

- Hinged side rails that fold up and down instead of rails and stake pockets
- Four plated formed hinges on each side rail
- Stake pockets are offset under the side rail
- Skirted bed with four under bed tool boxes on all models except the 8087SK38.
- 8087SK38 has a full skirt and a tool box on each side in the back of the bed
- Goose Neck Assembly with 30,000 lb. fifth wheel ball
- Bumper with 2" receiver hitch
- LED Lighting
- All lights are wired with a woven wire harness and installed on the bed
- 4 pin, 6 pole and 7 blade trailer connectors
- Made with 11 gauge floor plate, 4" channel stringers, and 3/16" channel cross members
- Mud Flaps
